

# DID YOU KNOW?

- 1** Vaccine manufacturers **CANNOT BE SUED**.
  - ↪ In 1986 Congress passed the Childhood Vaccine Injury Act which freed vaccine manufacturers from all liability.
- 2** Since the 80s the number of vaccines given has multiplied **MORE THAN 5X, (from 11 to now 57 doses)**<sup>1</sup>.
- 3** The effects of vaccinating according to the CDC recommended schedule have **NEVER BEEN STUDIED FOR SAFETY**.
  - ↪ There are 0 studies looking at long-term effects, cancer, neurologic disease, developmental delays, autoimmune diseases/allergies and other chronic diseases that have become epidemic in children.
  - ↪ The U.S. is the most highly vaccinated country in the world, with the **highest infant mortality rate**<sup>2</sup> and the sickest children, considering **43% of U.S. children have a chronic health condition**<sup>3</sup>.
- 4** The U.S. Dept of Health & Human Services (HHS) **HAS NOT CONDUCTED SAFETY TESTING** as required by the 1986 Act. In October 2017 HHS was sent a legal notice detailing their failure to meet those obligations, aka the **ICAN White Papers**<sup>4</sup>.
- 5** As of March 1, 2018, the Vaccine Injury Compensation Program (VICP) has paid out **\$3.6 BILLION**<sup>5</sup> to petitioners alone (not including attorney fees).
- 6** Vaccines contain **NEUROTOXIC, CARCINOGENIC, and NEVER-PROVEN-SAFE ingredients**<sup>6,7</sup> including: aborted fetal cells, thimerosal, formaldehyde, polysorbate 80, aluminum, monkey & dog kidney cells, chick embryo cells, blood from pigs and other animals, and more.
  - ↪ In 2015 a **NEW human cell line derived from the lung tissue of an aborted 3-month-old fetus**<sup>8</sup> (Walvax-2) was developed in China and introduced for vaccine manufacturing (to replace the older fetal cell lines currently in use). It took **9 aborted fetuses**<sup>8</sup> to develop.
  - ↪ It has taken **>100 elective abortions**<sup>9</sup> to produce the various human cell lines that are being used today.
- 7** Many LA schools **UNLAWFULLY DISCRIMINATE** against children who aren't considered up-to-date on their vaccines.
  - ↪ According to Revised Statute 17:170 Section E<sup>10</sup>, parents can claim an exemption to vaccine requirements.
  - ↪ The law applies to **public AND private** daycares/schools<sup>11</sup> (whether or not they accept state funding).
